

Product Data Sheet

NAFTA KIRCHHEILIGEN 47/75 & 49/67

TECHNICAL DESCRIPTION OF LABORATORY EQUIPMENT

All our testing equipment is standard oil field testing equipment from major suppliers as FANN and OFFITE.

Standard Field Laboratory Equipment

Our containers are 20' containers, inspected and approved by TUEV (Technical Inspection Agency), equipped with:

- Air condition system
- Heating system
- Exhaust air system
- Mud laboratory section
- Office section - includes computer work place and printer

All required mud tests are performed in the Field laboratory:

- Field Test equipment is standardised to API and part of the basic equipment of every Sirius-ES Field laboratory
- All equipment is maintained on regular basis to guarantee a trouble-free and efficient operation.
- Full electrical tests on equipment are performed regularly and documented – yearly electrical approval
